Accidents, near-miss occurrences and hazardous situations

1. Nottingham Ukrainian Cultural Centre has a health and safety accident report forms and a file folder located at the club premises and all incidents, no matter how small, must be recorded as soon as possible after the incident.

General fire safety

The Headteacher is responsible for the arrangement of regular fire drills for the school and for the designation of Fire Wardens for the school as necessary. All staff must also read and understand the fire procedure at Nottingham Ukrainian Cultural Centre. It is a duty of the Chair of the AUGB Nottingham to provide relevant document on the local policy for fire action.

Safeguarding Children and Young People

Any incidents, allegations or disclosures of abuse or neglect must be documented in an incident report and escalated to management as soon as practicable. For any safeguarding concerns, notifications to the regulatory authority, as well as state-based child protection reporting authorities refer to Children Safeguarding Policy.

Personal safety

- Volunteers who are working on their own should not allow access to casual visitors who have no appointment.
- All windows and entry doors will be lockable.
- Volunteers should not put themselves at risk on account of School's property.
- All incidents of aggression or violence and any threat to personal safety should be reported to the Headteacher and recorded in the accident book.
- Volunteers should be vigilant with regards to terrorist incident warnings – for example, unattended bags.

Stress management

Stress at work is a serious issue: workers can suffer severe medical problems, which can result in under-performance at work, and cause major disruptions to the organisation. The responsibility for reducing stress at work lies both with the employer and the employee. Although Nottingham Ukrainian School is a volunteer-based school, we still maintain high standards and follow the recommendations for employment regarding the health and safety regulations.

- Volunteers should become aware of the causes of stress and ensure that they do not work in a way which could cause them to suffer an increase in stress, nor cause an increase in stress on others.
- If a volunteer is suffering from stress at work, they should discuss this headteacher or deputy headteacher at the first opportunity. Where practicable and reasonable, the School will seek to provide assistance to the volunteer.
- Nottingham Ukrainian School will do all it can to eradicate problems relating to stress at work.
